

# Technology day

## Pneumatic conveying solutions from A to Z

 AZO NV Antwerp: May 28th 2026

**08.30u: Reception & registration - mini breakfast and coffee**  
**09.30u: Welcome & Introduction**

### **09.45u-10.45u: PART 1**

Focus: Fundamentals, safety & process control

- Basics of pneumatic conveying
- Inert conveying
- OEB4–5 applications & filtration

### **10.45u Coffee break**

### **11u-11.50u: PART 2a**

Focus: Plastics applications & advanced conveying systems

- Dense phase conveying
- Vacuum and positive pressure system configurations

### **11.50u-12.35u: PART 2b**

Focus: Efficient process integration & quality assurance

- Unloading trucks
- Feeding mixers, including with suction weighing
- AMIXON-integration

### **12.30u Lunch**

### **13.30u-14.15u: PART 3**

Focus: Gentle product handling, hygiene & cleanability

- Pneumatic conveying of fragile products
- Cleaning your system
- RPTS

### **14.15u Coffee Break**

### **14.35u: Live demos**

- AZO:
  - Automatic bag cutting machine
  - Big Bag discharge station with DA screener
  - Wetting screw
  - Pneumatic air transport – demo with product
  - Screw discharge feeder/receiver
  - DLE
  - Mixomat
- Air Tec:
  - Dense Phase transport – demo with product
- amixon:
  - HM400
  - Sperhelics
  - VM2 – demo with product
- Qlar:
  - Multigrav
  - Proflex
  - Simplex mini
- Rubitec:
  - Big Bag discharge station - OEB4/5
  - RPTS – demo with product

### **15.35u Coffee - Closing**
